

## Information about a water licence or approval

Use this tool to search for information about water licences and approvals issued under the *Water Act 1912* or *Water Management Act 2000*.

Select the type of licence or approval and enter the licence or approval number:

- **Water access licence (WAL):** a WAL number starts with the letters 'WAL' followed by several numbers; a WAL also has a reference number that starts with a two digit number, followed by 'AL' and then several numbers.
- **1912 water licence:** a water licence number starts with a two digit number, followed by a two letter code and then several numbers. Note: a PT reference number cannot be entered.
- **Approval:** an approval number starts with a two digit number, followed by a two letter code (WA, UA, CA or FW) and then several numbers.

Search for information about either a:

**Water access licence (WAL) issued under the *Water Management Act 2000***

Water Access Licence (WAL) Number

A WAL number starts with the letters 'WAL' followed by several numbers

Can't find your WAL number? Do you have a reference number? A reference number starts with a two digit number, followed by 'AL' and then several numbers. Use the following tool to find your WAL by entering your reference number. [Enter the reference number to find the WAL number.](#)

Cancelled WALs are not searchable on the NSW Water Register.

**Notes:**

The search results will list the conditions imposed on the water access licence. Any approved water supply work/s nominated on the water access licence are identified by the approval number/s for the work/s.

The information about a water access licence provided in the search results is a summary and may not always be up to date. If you require full and up to date details about a particular water access licence (including current holders, share and extraction component details, encumbrances and notations) you should search the [Water Access Licence Register](#) administered by NSW Land Registry Services.

### Plan Conditions

Water sharing plan **NSW Murray Darling Basin Fractured Rock Groundwater Sources 2020**

#### Take of water

MW7515-00009 A. In any water year, the sum of water account debits for the water allocation account of this access licence must not exceed:  
i. 1.1 ML/unit share of the share component of this access licence or, if applicable, a lower amount determined by the Minister, plus  
ii. any water allocations assigned to the water allocation account of this access licence from the water allocation account of another access licence in that water year, plus  
iii. any water allocations re-credited by the Minister to the water allocation account of this access licence in that water year.

#### B. Water account debit means:

- the volume of water allocations taken by the holder of this access licence, plus
- any water allocations assigned from the water allocation account of this access licence to the water allocation account of another access licence, plus
- any other water allocations otherwise debited or withdrawn from the water allocation account of this access licence.

MW7035-00008 The maximum water allocation that may be carried over in the water allocation account from one water year to the next water year is 0.1 ML/unit share of the access licence share component.

#### Monitoring and recording

MW6612-00001 A logbook used to record water take information must be retained for five (5) years from the last date recorded in the logbook.

#### Reporting

MW6983-00003 A. Once the water access licence holder becomes aware of a breach of any condition on this water access licence, the water access licence holder must notify the Minister as soon as practicable.  
B. If the initial notification was not in writing, written notice must be provided within seven days of becoming aware of the breach by emailing: [nrar.enquiries@nrar.nsw.gov.au](mailto:nrar.enquiries@nrar.nsw.gov.au)
